- *We will provide mentoring from experienced teachers to teachers less familiar with assessment.*
- *We will put in place additional internal reviews of teacher assessed grades for recently qualified teachers and other teachers as appropriate.*
- *Professional Tutor, Sue Wilson will provide any necessary additional support for recently qualified teachers or teachers less familiar with assessment.*
- *Further support will also include cross-school moderation.*

Use of appropriate evidence

This section of our Centre Policy indicates how our centre will give due regard to the section in the JCQ guidance entitled: *Guidance on grading for teachers*.

A. Use of evidence

This section gives details in relation to our use of evidence.

- *Teachers will use a consistent source of evidence for all students unless variations need to be applied to individual students based on mitigating circumstances. All such variations will be fully documented in the Assessment Record of each subject.*
- *Teachers making judgements will have regard to the Ofqual Head of Centre guidance on recommended evidence, and further guidance provided by awarding organisations.*
- *All candidate evidence used to determine teacher assessed grades, and associated documentation, will be retained and made available for the purposes of external quality assurance and appeals.*
- *We will be using student work produced in response to assessment materials provided by our awarding organisation(s), including groups of questions, past papers or similar materials such as practice or sample papers.*
- *In Design and Technology, Art & Graphics, we will use non-exam assessment work (often referred to as coursework), even if this has not been fully completed.*
- *We will use student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes.*
- *We will use substantial class or homework (including work that took place during remote learning such as assignments on Microsoft Teams).*
- *We will use internal tests taken by pupils.*
- *We will use internal exams/in class assessments taken over the course of study.*
- *Whilst evidence used across the course of study will be used, obviously increased weighting will be given to the most recent assessments completed, notably Assessment Point 1 (March 15-March 26 2021) and Assessment Point 2 (May 4-May 14 2021)*
- *We will use records of a student’s capability and performance over the course of study in performance-based subjects such as music, drama and PE.*
- *In Maths, Science & Languages, the assessment will correlate to the specific tier of entry and be appropriately challenging and reflective of the content covered.*

We provide further detail in the following areas:

Additional Assessment Materials

[For example, when AAM is used:]

- *We will use additional assessment materials to give students the opportunity to show what they know, understand or can do in an area of content that has been taught but not yet assessed.*
- *We will use additional assessment materials to give students an opportunity to show improvement, for example, to validate or replace an existing piece of evidence.*
- *We will use AAM to demonstrate a consistent breadth of evidence to support with final TAG.*

- *We will use additional assessment materials to support consistency of judgement between teachers or classes by giving everyone the same task to complete at the same time on the same day.*
- *We will combine and/or remove elements of questions where, for example, a multi-part question includes a part which focuses on an element of the specification that hasn't been taught.*
- *All Heads of Department have access to AAM with relevant links been forwarded by Ian Cotrell, Exams Officer.*

Our centre will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:

- *We will consider the level of control under which an assessment was completed, for example, whether the evidence was produced under high control and under supervision or at home, as indicated on the Assessment Record Template for each subject.*
- *We will ensure that we are able to authenticate the work as the student's own, especially where that work was not completed within the school or college. As a Centre, we have adopted the principle of weighting the vast majority of evidence with assessment completed in school under high levels of control.*
- *We will consider the limitations of assessing a student's performance when using assessments that have been completed more than once, or drafted and redrafted, where this is not a skill being assessed.*
- *We will consider the specification and assessment objective coverage of the assessment.*
- *We will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments.*

Determining teacher assessed grades

This section of our Centre Policy outlines the approach our centre will take to awarding teacher assessed grades.

Awarding teacher assessed grades based on evidence

We give details here of our centre's approach to awarding teacher assessed grades.

- *Our teachers will determine grades based on evidence which is commensurate with the standard at which a student is performing and their tier of entry (Maths, Science & Languages), i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught.*
- *Our teachers will record how the evidence was used to arrive at a fair and objective grade, which is free from bias.*
- *As a Centre, to support the avoidance of unconscious bias, the full set of assessments for Assessment Point 1 were marked in full with only the candidate number and no names, with scripts being marked by different members of each team.*
- *Our Senior Subject Leaders and Heads of Department will produce an Assessment Record for each subject cohort and will share this with the Senior Leadership Team. Deadline for complete 30 April 2021. Any necessary variations and mitigating circumstances for individual students will also be shared.*

Internal quality assurance

This section of our Centre Policy outlines the approach our centre will take to ensure internal standardisation of teacher assessed grades, to ensure consistency, fairness and objectivity of decisions.

Head of Centre Internal Quality Assurance and Declaration

Internal quality assurance

This section gives details of our approach to internal standardisation, within and across subject departments.

- *We will ensure that all teachers involved in deriving teacher assessed grades read and understand this Centre Policy document.*
- *In subjects where there is more than one teacher and/or class we will ensure that our centre carries out an internal standardisation process.*
- *We will ensure that all teachers are provided with training and support to ensure they take a consistent approach to:*
 - *Arriving at teacher assessed grades*
 - *Marking of evidence*
 - *Reaching a holistic grading decision*
 - *Applying the use of grading support and documentation*
- *We will conduct internal standardisation across all grades.*
- *We will ensure that the Assessment Record will form the basis of internal standardisation and discussions across teachers to agree the awarding of teacher assessed grades.*
- *Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisation(s), using grade descriptors and exemplification materials.*
- *Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where there is only one teacher involved in marking assessments and determining grades, then the output of this activity will be reviewed by an appropriate member of staff within the centre.*
 - *This will be [Clare Bailey, Assistant Principal].*
- *As a Centre, and wherever reasonably possible, all efforts will be taken to collaborate with cross-school to support the moderation of subjects with one teacher: Music, Design & Technology and Computer Science.*
- *In respect of equality legislation, we will consider the range of evidence for students of different protected characteristics, including summary data for each subject to review gender gaps, which are included in our internal standardisation.*
- *As a Centre, each Head of Department and Senior Leader, will have completed a summary of the moderation and standardisation completed across the assessments.*

Comparison of teacher assessed grades to results for previous cohorts

This section of our Centre Policy outlines the approach we will take to compare our teacher assessed grades in 2021 with results from previous cohorts.

Comparison of Teacher Assessed Grades to results for previous cohorts

This section gives details of our internal process to ensure a comparison of teacher assessed grades at qualification level to results for previous cohorts in our centre taking the same qualification.

- *We will compile information on the grades awarded to our students in past June series in which exams took place (e.g. 2017 - 2019).*
- *We will consider the size of our cohort from year to year.*
- *As a Centre, our cohort for 2021 has increased by two whole class groups compared to 2019.*
- *We will consider the stability of our centre's overall grade outcomes from year to year.*
- *We will consider both subject and centre level variation in our outcomes during the internal quality assurance process.*
- *We will prepare a succinct narrative on the outcomes of the review against historic data which, in the event of significant divergence from the qualifications-levels profiles attained in previous examined years, which address the reasons for this divergence. This commentary will be available for subsequent review during the QA process. This variation could include investigation of prior attainment data, data for specific student groups and evidenced of school improvements.*

This section gives details of the approach our centre will follow if our initial teacher assessed grades for a qualification are viewed as overly lenient or harsh compared to results in previous years.

- *We will compile historical data giving appropriate regard to potential mixtures of A*-G and 9-1 grades in GCSEs. Where required, we will use the Ofqual guidance to convert legacy grades into the new 9 to 1 scale.*
- *We will bring together other data sources that will help to quality assure the grades we intend to award in 2021.*

This section gives details of changes in our cohorts that need to be reflected in our comparisons.

- *We will omit subjects that we no longer offer from the historical data which includes Textiles, Engineering, ICT and Child Development.*
- *In our Centre, there has been no significant changes in individual cohorts over the last 3 years.*

Access Arrangements and Special Considerations

This section of our Centre Policy outlines the approach our centre will take to provide students with appropriate access arrangements and take into account mitigating circumstances in particular instances.

Reasonable adjustments and mitigating circumstances (special consideration)

This section gives details of our approach to access arrangements and mitigating circumstances (special consideration).

- *Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe) we will make every effort to ensure that these arrangements are in place when assessments are being taken.*
- *As a Centre, formal access arrangements were in place for both Assessment Point 1 and Assessment Point 2.*
- *Where an assessment has taken place without an agreed reasonable adjustment or access arrangement, we will remove that assessment from the basket of evidence and alternative evidence obtained.*
- *Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements.*
- *We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments.*
- *To ensure consistency in the application of Special Consideration, we will ensure all teachers have read and understood the document: JCQ – A guide to the special consideration process, with effect from 1 September 2020*

Addressing disruption/differential lost learning (DLL)

B. Addressing Disruption/Differentiated Lost Learning (DLL)

This section gives details of our approach to address disruption or differentiated lost teaching.

- Teacher assessed grades will be determined based on evidence of the content that has been taught and assessed for each student.
- Consideration will be given to students who have faced specific additional disruption e.g. mitigating circumstances by offering variation to the types of evidence to be included.
- Revision Guides: All students have been issued with a revision guide to support them in their independent studies as well as in the event they have to isolate and work from home.
- Year 11 Support Team: We have recruited a team of eight teachers as part of a New Year 11 Support Team with an additional responsibility to plan and deliver two after school sessions a week.
- Core intervention sessions delivered before and after school for English, Maths and Science from November 2020 to April 2021.
- Subject specific revision and intervention sessions to support specific Year 11 students in responses to disruption.
- Laptop Loan Scheme: To support our students that have limited or no access to a laptop or similar device, we purchased and offered laptops for students to loan this year.
- Mentoring: Year 11 students received academic mentoring sessions with their tutor and a career interview with specialist external consultant from company 'Adviza'.
- Live online lessons delivered from January to March 2021 using Microsoft Teams to mitigate against disruption of school closure.
- Vulnerable Year 11 students offered a place in school with students of key and critical workers.
- Monitoring and review of students not attending online lessons or completing work via Year 11 teacher, Senior Subject Leader and Student Manager via fortnightly tracker system.
- Pastoral team identified students needing mental health support.
- Further details of our approach to remote learning policy can be found on our website. Objectivity

This section of our Centre Policy outlines the arrangements in place to ensure objectivity of decisions.

Objectivity

This section gives a summary of the arrangements in place within our centre in relation to objectivity.

Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.

Senior Leaders, Heads of Department and Centre will consider:

- *sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions);*
- *how to minimise bias in questions and marking and hidden forms of bias); and*
- *bias in teacher assessed grades.*
- *All teachers involved in determining grades are understand the Ofqual guidance on 'Information for centres about making objective judgements'.*

To ensure objectivity, all staff involved in determining teacher assessed grades will be made aware that:

- *unconscious bias can skew judgements;*
- *the evidence presented should be valued for its own merit as an indication of performance and attainment;*
- *teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics;*
- *unconscious bias is more likely to occur when quick opinions are formed; and*

Our internal standardisation process will help to ensure that there are different perspectives to the quality assurance process.

Recording decisions and retention of evidence and data

This section of our Centre Policy outlines our arrangements to recording decisions and to retaining evidence and data.

C. Recording Decisions and Retention of Evidence and Data

This section outlines our approach to recording decisions and retaining evidence and data.

- *We will ensure that teachers and Heads of Departments maintain records that show how the teacher assessed grades process operated, including the rationale for decisions in relation to individual marks/grades.*
- *We will ensure that evidence is maintained across a variety of tasks to develop a holistic view of each student's demonstrated knowledge, understanding and skills in the areas of content taught.*
- *We will put in place recording requirements for the various stages of the process to ensure the accurate and secure retention of the evidence used to make decisions.*
- *We will comply with our obligations regarding data protection legislation.*
- *We will ensure that the grades accurately reflect the evidence submitted.*
- *We will ensure that evidence is retained electronically or on paper in a secure centre-based system that can be readily shared with our awarding organisation(s).*
- *As a Centre, all subjects will submit their summary portfolios of evidence to be stored securely in the Exams Office.*

Authenticating evidence

D. Authenticating evidence

This section of our Centre Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

- *Robust mechanisms, which will include subject standardisation, moderation and high levels of control for assessments, will be in place to ensure that teachers are confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors.*
- *It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. We will follow all guidance provided by awarding organisations to support these determinations of authenticity.*
- *This will include the following awarding organisations:*
 1. AQA <https://www.aqa.org.uk/2021-exam-changes>
 2. OCR <https://www.ocr.org.uk/everything-you-need-to-know-for-summer-2021/>
