## **RE: GCSE Results Day**

Dear Parents and Carers

Today, we have sent your children a letter about the GCSE results day and what they need to do if they need any help with their college and training choices once they have received their results. We have asked them to complete an online form, so that we have updated information about their choices and have the latest telephone numbers on which to contact them. Please could you encourage your child to complete this form as soon as possible.

This will be an unusual results day for all of us. As teachers we are accustomed to seeing our students and talking to them about their results. The students, in turn, expect to be able to talk to their teachers about their results and get answers to any queries they have. In the letter to students, we have explained that we can do this remotely and that we can advise them of the next steps to talk if their results are not what they had hoped.

If your child has any queries about their results, they can contact St. Joseph's about this. Because your child is sixteen years of age, we can talk only to them about their results. This is due to the requirements of data protection law. Your child can do this in writing and it will be achieved most efficiently by sending an e-mail to: [ksanders@stjosephscollege.net](mailto:ksanders@stjosephscollege.net). If, for any reason, your child cannot send a message by e-mail, they can call the school to make their requests.

At this point, we would like to remind you that your child will receive their GCSE results via their school e-mail account on 20 August 2020. Please could you remind your child that the school e-mail account is the way that we will continue to communicate any important information that we may receive during the next few weeks. Please could you ask your child to check the e-mail account regularly.

We thank you for your support of your children at this time. In the meantime, if you have any questions, please do not hesitate to contact us.

Yours sincerely

Kathryn Sanders  
Assistant Principal
